

Tentative Schedule

Friday, September 26, 2014 Registration, 2-5 pm Lobby, Powell Hall, Florida Museum of Natural History, Cultural Plaza, University of Florida

Field Trips

Members attending the joint ATL/SLS meeting will have the opportunity to participate in the Friday field trips. Lary Reeves will be leading this trip and will investigate sites prior to the trip to maximize time in the field. For this trip, please park across the street in the shopping center parking lot, and we will meet in the Department of Plant Industry parking lot at 9 a.m. on Friday morning, September 26th. Please bring along lunch, sufficient water or drinks for the day, sunscreen, hat, etc. Lunch nor transportation will be provided. Carpooling is encouraged.

Charlie Covell and Jeff Slotten will be leading the evening moth trip. Charlie has made arrangements with the rangers at Paynes Prairie. Members attending the evening trip should be prepared to pick up something fairly quick to eat (neither dinner nor drinks will be provided) and drive to Paynes Prairie Preserve State Park located 10 miles south of Gainesville, in Micanopy, on the east side of US 441. Please contact Charlie well in advance ((352) 273 2023; ccovell@flmnh.ufl.edu) for instructions on where and when to park and meet the group for collecting.

Directions to Paynes Prairie - Coming from the north on I-75: Take exit 374, the Micanopy exit, and turn left at the end of the exit ramp. You will then be traveling east on CR 234. Stay on this road 1.4 miles until it intersects with US 441. Turn left onto 441 and go 0.6 miles to Paynes Prairie Preserve State Park (on the right). Camping facilities, which includes water and electricity, are available at \$18/night.
