1996 Membership List

Names are listed alphabetically. Following each name is the year through which dues have been paid. If no year appears after a name, dues are in arrears and that entry no longer will receive publications. Those who have "1995" following their name will continue to receive the S L News through March 1996. 1996 dues are **\$12.00** and are due as of January 1, 1996. If not paid by April 1, member will be dropped from the mailing list.

1996 Fall Annual Meeting to be Held in Mississippi

It was decided at the 1995 board meeting to **keep the annual meeting in Mississippi for the next several years**. Tentative meeting locations for 1996 include Mississippi State Entomological Museum and the coastal areas of Mississippi where Mississippi State University has research stations. **Labor Day weekend, August 31-September 2**, would be a good time for the meeting. However, if held at Starkville, we would have to check the football schedule! Further news of the meeting will follow in future newsletters. Any suggestions for the meeting are welcome from our members. Please write to Jeff Slotten at 5421 NW 69th Lane, Gainesville, FL 32653 or call at 904-338-0721.

It's never too early to plan: so plan ahead and plan to attend.

Chairman & Editor, Ron Gatrelle Moves On

For the past three years, Ron Gatrelle has done an outstanding job of overseeing the functioning of our group, as well as the publishing of the quarterly newsletter. His term as editor ends with this issue. Due to increased workload and family matters, he has decided to step down as chairman also, to devote more time to these areas.

Ron will continue as South Carolina coordinator and member of our SEARCH Committee.

We need to fill the position of chairman. Harry Pavulaan of Virginia is considering taking over as editor.

Scott D. Massey, Good News Computers
Assistant to Editor

Membership Policy Statement

"The Southern Lepidopterists' Society is first centrist and holistic. We seek to be unifying and not divisive. Our membership is open to anyone interested in any activity or aspect related to butterflies and moths. This includes (but is not limited to) those interested in butterfly/moth watching, photographing, gardening, rearing, collecting, and exchanging. It seeks to further the efforts of both amateurs and professionals involved in general research and those working for species/habitat conservation at both governmental and civilian levels. All members should reflect this organizational philosophy personally."

The Southern Lepidopterists' News is published four times annually. Membership dues are **\$12.00** annually. A scientific Bulletin is published occasionally. The organization is open to anyone with an interest in any aspect or activity relating to southern United States Lepidoptera, except those interested in forbidding the activities of others. Information about the Society may be obtained from, and dues may be sent to: Jeff Slotten secretary-treasurer, 5421 NW 69th Lane, Gainesville, FL 32653
